

Treffen „Intention und Inspiration im Entwurfsprozess“ in Alfter.

A report about the meeting held at the Alanus Hochschule in May 2023 in co-operation with the Visual Art Section of the Goetheanum and IFMA

Gesichtspunkte für ein 'Lebendige Architektur'

Living Architecture is not a style. It is an approach to architecture that views buildings not as mere objects, but rather as organs or organisms functioning within the highly diverse and interdependent fields of natural, social and cultural life.
