

Die Spiegelung der Architektur im physischen Leib des Menschen

An approach to consciously experiencing architectural qualities through unbiased observation

Gedanken zu Mensch und Architektur

With the launch of this online format, we as editors are faced with numerous questions about the content, the interpretation of existing texts, future texts and what is there to report. The following credo is intended to set the ball rolling.

Wozu brauchen wir eine Zeitschrift?

The situation of the IFMA and of the organic architecture movement has changed a lot in the last 20 years. What can a new format of the journal „Man and Architecture“ contribute and how?

Gesichtspunkte für ein 'Lebendige Architektur'

Living Architecture is not a style. It is an approach to architecture that views buildings not as mere objects, but rather as organs or organisms functioning within the highly diverse and interdependent fields of natural, social and cultural life.

Aufgaben einer zeitgemäßen organischen Gestaltung

How can we understand new trends in contemporary architecture and society and what distinguishes the organic approach from outwardly similar phenomena? What development perspectives and challenges for organic design arise from a consideration of the contemporary situation?

Architektur und Zeitgeist - Wesensbegegnung im Gebauten

The question of the spirit of the time is something that should interest the architect in every building task, because

without an understanding of it and without this spirit being incorporated into every task, the result is likely to be anachronistic and not really meeting the needs of the present.
